

Topic 2: Understanding GPT Instructions

Lesson 2: Assignment – Instruction Drafting

Objective:

Learn how to control GPT behavior using instructions.

Task:

1. Write instructions that define:
 - a. Role
 - b. Scope
 - c. Tone
 - d. Output format
2. Include at least 3 constraints.

Testing:

- Ask 5 different user queries
- Observe behavior consistency

Deliverable:

- Instruction block
- Test results summary

Evaluation Criteria:

- Precision of instructions
- Behavior consistency
