

Topic 4: Conversation Flow & User Experience

Lesson 2: Assignment – Conversation Flow Design

Objective:

Design smooth, user-friendly interactions.

Task:

1. Create a conversation flow diagram or step list for:
 - a. First-time user
 - b. Returning user
2. Define clarification questions.

Testing:

- Test incomplete and ambiguous inputs

Deliverable:

- Flow design
- Test observations

Evaluation Criteria:

- Logical flow
- Clarity and efficiency
